My time at FFA camp was such a fun experience that I got to be a part of and the memories I made while there will always be a part of what I look back on when I think of my time in FFA. There were so many activities I got to participate in that made camp enjoyable and all around a great experience.

I got to spend time playing paintball around the camp woods with all the new friends and people I met while also getting the chance to go swimming and kayaking in the lake at the center of camp. much fun and one I will remember for the rest of my life. I made so many new memories and had so many new experiences. Enjoy many different activities while there that r FFA camp. It was so much fun. I made a lot of friends and memories. The food was so good.

We also did a lot of great leadership activities. My favorite activities were playing paintball around the camp and going kayaking. I'm looking forward to going next year.
